"Scared? Not my dad."

Hanging way up there, swaying as he works in a heavy wind . . . it takes a real he-man to do that. But being a he-man is a built-in part of the telephone lineman's job.

Our training program can supply the skill and safety precautions, but only the man himself can supply the ability and speed and judgment and love of action that makes a great lineman. If your dad's one of them, you've got a right to brag.

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

Now— U. S. Savings Bonds Pay More Interest

4.15% when held to maturity

***Higher interest on the
Bonds you already own, too!***

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate. Ask about buying Bonds where you work or bank. For America's future. And yours.

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minuteman of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front lines of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."
